DERMA CENTRIC

Information

Derma cosmetics brand by experts, DERMA CENTRIC

DERMA CENTRIC is a global derma cosmetic brand sold in over 700 dermatologists and plastic surgeons around the world. As a cosmetic brand for fundamental improvement of skin troubles by increasing the power of the skin's central cells, DERMA CENTRIC provides an optimized solution with a hypoallergenic prescription and proven scientific ingredients for sensitive skin, and ultimately it is willing to deliver true value for skin health.

1. DERMA CENTRIC carefully selects and applies the best raw ingredients based on biotechnology.

Each of the ingredients included in cosmetics has different functions and effects, and the expected efficacy/effect can be achieved during product development only when the optimized raw ingredients are applied. DERMA CENTRIC develops safe and effective scientific dermatology-only cosmetics by conducting joint research on raw materials with world-class researchers.

2. The content of DERMA CENTRIC cosmetic is gently absorbed by the skin, but its function is excellent.

DERMA CENTRIC applies Natural and Bio ingredients to the recipe appropriately, so it is gently absorbed into the skin and highly differentiated in function.

3. Minimized artificial chemical composition.

DERMA CENTRIC safely delivers active ingredients to the skin with a hypoallergenic recipe with minimal artificial chemical ingredients.
