

J&G COSMETICS CO., LTD.

Information

We have been developing many new brands over for 17 years and we tested various kinds of cosmetics raw material and developed unique brand with safety raw material. Nowadays cosmetics is not used only for makeup or skincare but also for life style and self-expression. Our vision is to develop a unique brand for young ladies who loves cosmetics.

Through Super Bubbling Technology, When bubbles touch dirties on the skin, they make big bubbles and they burst as like a bomb. After washing with water, they clear dirties or dead cells in the pore.
